

Upcoming overnight full closures on I-76 between Federal and Sheridan boulevards for bridge work

OVERNIGHT FULL CLOSURES SEPT. 9 - OCT. 13

Motorists can expect overnight full closures on Interstate 76 between Federal and Sheridan boulevards beginning Sept. 9 for bridge welding work on the I-76 bridge over Clear Creek. There will be 20 nights of full closures on the I-76 bridge as crews work to repair and extend the life of the bridge and provide the safest travel for motorists. During this work, no traffic is permitted on the bridge structure as a safety measure. Full closures will take place overnight; no daytime full closures will occur.

- **Work Hours:** Overnight Mondays through Thursdays, from 8:00 p.m. to 5:00 a.m.

DETOUR ROUTES

For general I-76 traffic:

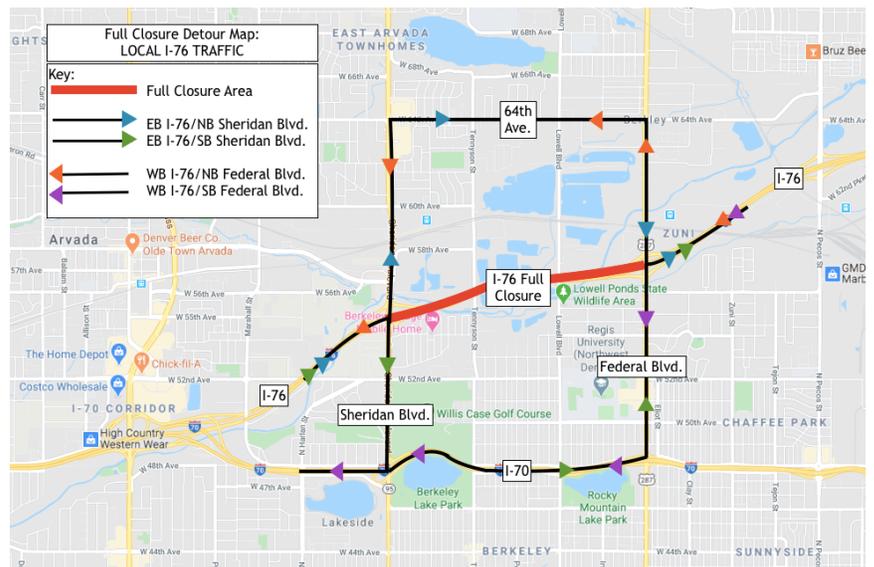

Motorists are encouraged to detour around the full closure via I-70 and/or I-25.

- **EB I-76 Traffic:** Instead of exiting onto I-76, motorists are encouraged to stay on eastbound I-70, exit onto northbound I-25 and take that to the eastbound I-76 exit.
- **WB I-76 Traffic:** Motorists are encouraged to detour from I-76 onto southbound I-25 to westbound I-70.

For local I-76 traffic:

I-76 will be closed between Federal and Sheridan boulevards and motorists will use these streets as their primary detour route:

- **EB I-76 Local Traffic:** I-76 will remain open to local traffic between I-70 and Sheridan Boulevard. Motorists traveling eastbound on I-70 can take the exit for I-76 and exit onto south or northbound Sheridan Boulevard. Otherwise, motorists can stay on eastbound I-70 and use northbound Federal Boulevard to get back to eastbound I-76.
- **WB I-76 Local Traffic:** I-76 will remain open to local traffic between I-25 and Federal Boulevard. Motorists traveling westbound on I-76 can exit onto north or southbound Federal Boulevard. Southbound Federal Boulevard will connect traffic back to westbound I-70.
